A QUIET RHYTHM OF WELLNESS AND VITALITY.

Sacred Grove by the Lake benefits from a well-connected and rapidly evolving locale that links seamlessly to surrounding regions and beyond. This strategic ease invites global capital and fosters thriving ecosystems.

AN EVERGREEN INVESTMENT FOR FUTURE POTENTIAL.

Plotted developments are timeless, tangible assets in an ever-changing financial landscape.

Offering the rare advantage of a steady appreciation, they present a more secure option amidst global market uncertainties.

With lower entry costs and minimal maintenance demands, they provide flexible ownership and strong long-term value.

For the discerning investor, plotted developments emerge as a refined and forward-looking choice.

THE NEW ECONOMIC FRONTIER, UNVEILED.

East Bengaluru is rapidly emerging as a key driver of the city's next phase of growth. With organised plotted communities in limited supply, it presents a distinct advantage in a market shaped by end-user interest and investor confidence.

Established Global Capability Centres in the form of multinational giants, expanding business hubs, and infrastructure momentum continue to strengthen this corridor's prospects.

For those seeking land ownership, future appreciation, and lasting financial potential, the region presents a compelling opportunity.

ROOTED IN DIVINITY, POISED FOR GROWTH.

Chikka Tirupathi places you between Whitefield, Sarjapur, and Hoskote, keeping you close to East Bengaluru's active growth zones. With land prices nearly 40% lower than saturated markets such as Sarjapur Road, and a projected 8-10% CAGR through 2030*, it gives a promising early-entry advantage.

IT spillover, industrial growth, and logistics activity are steadily bringing attention to this region. Alongside this progress, the locale is renowned as the home ground of the revered Chikka Tirupathi Temple, just 2 km away.
